Dear Miss White:

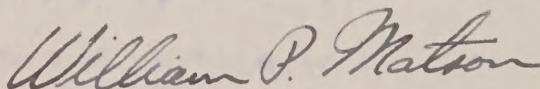

The Personnel Information and Education Office is in receipt of your letter of October 1.

Your excellent proposal came to our attention just a few days too late. Last Friday, October 2, we concluded a two-year run of "Westover Airlanes," a 30-minute sponsored show conducted daily from the lobby of the Military Air Transport Service Passenger Terminal.

This program had been conducted with an eye to suggestions such as yours. It was in deference to a shortage of qualified personnel that the show was suspended; however, it is possible that, should the personnel picture improve, "Westover Airlanes" will be resumed. You may be assured that if such a time comes, your worthy suggestion shall get maximum consideration.

Many thanks for your offer.

Sincerely,

WILLIAM P. MATSON
